

# JITU KRUSHNA BEHERA Computer Science Engineer | Software Development Enthusiast

+91-6266477798 [jitu8302204@gmail.com](mailto:jitu8302204@gmail.com) [linkedin.com/in/jitu-behera](https://www.linkedin.com/in/jitu-behera) [github.com/jitu404](https://github.com/jitu404)

## Summary

Computer Science graduate with experience in data analytics, business intelligence, and problem-solving using Python, SQL, Alteryx, Power BI, and Excel. Skilled in data analysis, workflow automation, reporting, and database management. Strong analytical mindset with hands-on experience in machine learning and data-driven decision making. Quick learner with the ability to understand business requirements and deliver practical technology solutions.

## Skills

**Programming:** Python

**Database Technologies:** SQL, MySQL

**Data Analytics & BI Tools:** Alteryx, Power BI, Microsoft Excel

**Machine Learning:** Deep Learning, Model Evaluation, Data Preprocessing

**Tools:** GitHub, Postman

**Core Concepts:** Data Analysis, Problem Solving, SDLC, Software Testing, Database Management, Workflow Automation

## Projects

### Bank Management System | *Python, MySQL* 2024

- Built a banking application to automate account creation, balance management, and transaction processing.
- Integrated MySQL database for efficient data storage and retrieval.
- Developed validation and transaction handling logic to ensure data consistency.
- Strengthened problem-solving and application development skills through real-world banking workflows.

### Multi-Model Deep Learning Ensemble for Diabetic Retinopathy Classification | *Python, Deep Learning* 2025

- Developed an ensemble model using ResNet50, EfficientNet, and InceptionV3 architectures.
- Performed image preprocessing, model training, evaluation, and performance optimization.
- Addressed class imbalance using focal loss and evaluated models using Precision and AUC-ROC metrics.
- Applied analytical thinking and machine learning techniques to solve a healthcare problem.

## Awards & Certifications

- Alteryx Designer Core Certification – Alteryx
- AWS Academy Cloud Foundations – AWS Academy
- Python (Basic) – HackerRank
- Problem Solving (Basic) – HackerRank
- Introduction to Machine Learning – Great Learning

## Education

### Bachelor of Technology in Computer Science and Engineering Graduated: 2025

*Institute of Technical Education and Research (ITER), SOA University*
